

## Our Response as a Church

## The Need for Collective Grief

- Lament for what has happened, what is happening and what will happen to God's earth
- Express our grief for the state of God's earth as an expression of our love of God, creation and humanity
- Express remorse for our complicity in what is happening
- Acknowledge the injustice of the effects of climate change
- Renew our relationship with God

## Reconnecting with Seasonality

## Liturgy as Response to God
